Data Informatica

Project Sponsor : Mr. Deepak Mishra

Project Owner   : Karan Lodhi

Service Owner   : Tribe H

Project Manager : Mr. Dinesh

                          Mr. Debasis

TRIBE H

- Karan Lodhi
- Illa Somashekhar
- Likhil Kumar
- Manish Sharma
- Nishan Kumar
- Pavan Kalyan
- Rachit Agarwal
- Rahul Bidugu
- Ravi Shankar
- Satish Ranjan
- Shilpa Sharma

PROPOSED BUSINESS STATE

- Creating API and normalizing dataset.

- For API, we will use AWS Lambda.

- Need GitHub Id's for fetching details.

- For Data science Project, we need Dataset to normalize.

Product Features and Properties

User requirements and Expectations

- Does the data make sense?

- Can you find trends in the data to help you from your next theory?

System Requirements

API:

            AWS lambda

            Python

            MySQL

Data science :

            Data:

            Semi Structured Data

            Unstructured Data
